Abigail Spanberger Puts Our Health and Safety First

While many politicians play politics and refuse to address the serious impacts of coronavirus, Abigail Spanberger is guided by sound science and focused on saving lives and protecting our communities.

PROTECTING ESSENTIAL WORKERS

When the pandemic hit, Rep. Spanberger stepped in to ensure health care workers and other essential personnel in our community had the personal protective equipment (PPE) they needed to keep themselves and everyone safe.

PROTECTING HEALTH CARE

She stood up to the insurance industry and their lobbyists when they tried to remove the requirement that health plans cover preexisting conditions like diabetes, asthma, and the long term effects of COVID-19.

HELPING WORKERS AND SMALL BUSINESSES

Rep. Spanberger has been a vocal advocate for extending unemployment benefits and enacting the Paycheck Protection Program to help local businesses keep their workers employed while our economy has been disrupted by the pandemic.

This message has been brought to you by the working people of SEIU. Our union unites people from different places and different races to fight for issues that matter to our families. Your vote is your decision, but we hope this mailing is helpful as you make your choice in the race for Congress.
