

GOVERNMENT  
SHOULD NOT  
BE PART OF  
OUR FAMILY  
DECISIONS.

# Nick Miller for State Senate

**FIGHTING GOVERNMENT  
INTRUSION** INTO OUR FAMILY LIVES

Nick Miller is a business leader focused on strengthening our economy, not pushing some extreme social agenda. He believes family planning decisions should be made by families—not politicians.

He will stand up to those in Harrisburg who want to make radical changes to our abortion laws, and politicians who now want to place restrictions on common forms of birth control.
